LOCALIZING THE SUPPLY CHAIN IN QATAR

QATAR SHELL LOCAL CONTENT SME BUSINESS OPPORTUNITY FOR 3D PRINTING OF SPARE PARTS

OPPORTUNITY

Qatar Shell is offering a five-year contract for the local manufacturing of 3D printed spare parts required at the Pearl GTL plant. In addition to establishing a virtual warehouse from scanning the existing spare part in place.

SCOPE OF WORK

The scope includes the spare parts (3D Printed) from various material in different sizes, in addition to establishing a virtual warehouse from scanning existing spare parts.

REQUIREMENTS

The contractor is to obtain the equipment needed for 3D spare parts printing with the licenses and experienced technicians and technology, and supply the required spare part printed to Pearl GTL and deliver to the plant site. In addition, scan the existing parts in the Pearl GTL warehouse to establish a virtual warehouse database.

SOURCING

Shell seeks to acquire Local manufacture sample containers of various sizes by going to the Qatari market with a competitive tender. Participants who are willing to provide the services and confirm their interest during this workshop will be invited to tender for this opportunity.

Tender assessment will include evaluation on capability with regards to meeting and complying with technical requirements. In addition, the commercial aspects will be assessed for those that are technically qualified. Shell seeks to award the technically qualified vendor with the most attractive commercial bid.
